The Jean Kirkland-Pinky Panky Girls are still at the Liberty and those who see them once are the first at the next show. AUSTRIA FROM BAD TO WORSE

CONDITIONS ALARMING. MOVEMENT SIMILAR TO BOLSHIEVIK IN RUSSIA.

(By the Associated Press)
London, June 26.—The internal situation in Austria-Hungary continues intensely disturbed, says the correspondent of the Daily Mail on the Franco-Swiss frontier. He says strikes in Hungary are extending. The unrest, he says, generally has a Bolshevik and anti-military character. Innumerable deserters from the army are taking part, and in certain parts of the country these men are arming robber bands. A revolutionary strike is in progress in Budapest.

Seydler Quits Job.
London, June 26.—Baron von Seydler, Austrian premier, announced Monday he had declined the invitation of Emperor Charles to constitute a new cabinet, according to Zurich dispatches to the Exchange Telegraph.

NATIONAL GUARD COMPANY FOR ADA

Sometime ago Col. Pontecost, commander of the new regiment of National guards being organized in the state, indicated that a company from Ada would be acceptable. Under more recent date he writes to John P. Crawford as follows:

The war department has authorized the organization of the Third Regiment in the state of Oklahoma.

We had hoped to have a favorable report from Ada that they would send in enrollment for company of infantry in the First Regiment.

We now have a place for them if they will get busy and send in an enrollment of 125 men at an early date and if we can be assured that 125 men will be enrolled that will pass the examination, we can arrange to have a mustering officer go there and muster in the company at an early date.

Will you please advise me by return mail your pleasure in raising this organization?

Attention Wheat Farmers.

Due to a number of fires caused by sparks from trains falling in the wheat too close to the railroad right-of-ways, the Food Administration wishes to urge upon you the necessity of having your wheat moved sufficiently far from the right-of-ways to prevent this unnecessary loss.

It is essential that every grain of wheat be saved and a little precaution along the above lines will result in the saving of thousands of bushels.

It is advisable that all wheat farmers having fields adjoining railroad right-of-ways, place fire guards on their land from seventy-five to one hundred feet from the right-of-way and that they do this at once. Have them make the guards wide so that fire cannot blow across.

NEARLY 400,000 CALLED FOR JULY

ALL PAST RECORDS BROKEN IN SENDING MEN TO ARMY TRAINING CAMPS.

(By the Associated Press)
Washington, June 26.—White and colored draft registrants numbering 124,000 have been summoned for July entrainment by Provost Marshal General Crowder. These with the 220,000 called last night and various special calls, makes the July total 367,961, the largest of any month since draft became operative. Oklahoma is to entrain 2000 colored July 16 to 20 for Camp Dodge, Iowa.

GERMANY'S LAST WORD ON PEACE

VON HERTLING SAYS WILSON'S PRINCIPLES NOT TO BE DISCUSSED FURTHER.

(By the Associated Press)
Amsterdam, June 26.—In a debate following the statement of Germany's war aims by Von Kuehlmann, Chancellor Von Hertling declared there will be no further discussion of President Wilson's four principles as a basis for peace.

LONGLEY FENTEN PASSES EXAMINATION FOR COMMISSION

Longley Fentem, one of the Ada boys in the service of his country, has successfully taken the examination for second lieutenant in the sanitary department of the army. Longley is stationed at Camp Doniphan and has been in the service since last October. This is an unusual honor to come to a young man, as he went from first class private to lieutenant at one leap and did not attend an officers' training camp. He expects to receive his commission in a few days.

He is a graduate of the Normal and was an employee of Stevens-Wilson Co. and the First National bank.

WAR SAVINGS STAMPS INFORMATION

The stamps to be taken on June 26th, will supersede those made heretofore. The amount you have already bought will be entered to your credit on your new pledge, and you are requested to pledge yourself to take just as many during the remaining months of 1918 as your ability will permit. Figure just how much you have been spending, how much you can save. Wear your old clothes until John Rawls gets some more.—Contributed.

OVER THE TOP AND THEN SOME

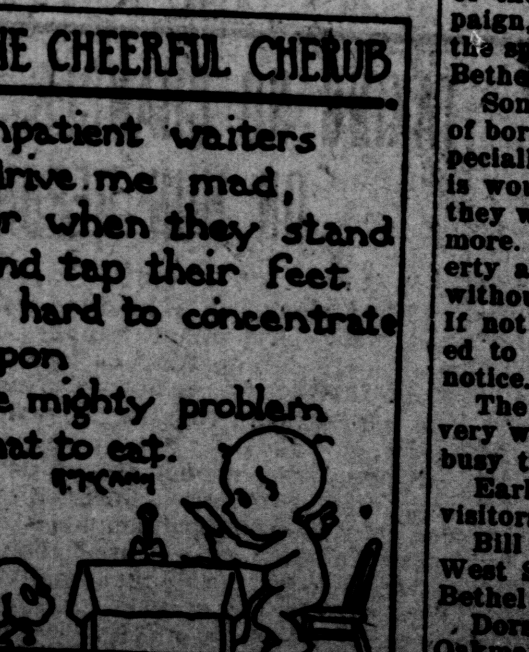

"I never felt better in my life than since taking the first dose of Mayr's Wonderful Remedy. I had a bad case of indigestion and bloating and tried all kinds of medicine. Mayr's Wonderful Remedy is all and more than is claimed for it. On my recommendation our postmaster's wife is using it with good results." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Gwin & Mays Drug Co., and Druggists Everywhere.

Muskogee Revival Continues.

There were forty-five or fifty conversions last Sunday in the revival in the First Methodist Episcopal church, South, of Muskogee, where I have been preaching for the past two weeks. The wonderful results of last Sunday made both the pastor and his official board feel certain that the revival should continue another week. This will keep me out of my pastorate another Sunday and I am arranging for a preacher to come down from Oklahoma City to preach for me.—W. M. Crutchfield.

NO RAISE IN DRAFT AGE NOW

SENATE COMMITTEE, AFTER HEARING BAKER AND MARCH, DECIDE AGAINST CHANGE.

(By the Associated Press)
Washington, June 26.—Secretary Baker and Chief of Staff March told the Senate Military Committee they oppose a premature and unnecessary proposed extension of the draft age limits. General Crowder whose approval was cited by advocates of the plan said he would insist on immediate action but believes they should register under revised limits early next year. Baker and March said the administration will soon present a comprehensive army program, including the number of men proposed to be raised, also dealing with shipping and other problems. The committee decided at this time to oppose any change in age limits.

FREE HELP IN PREPARING FOR WAR STAMP MEETING.

The Carpenters Union of Ada at its meeting tonight will officially agree to go to the congress after work hours tomorrow and fix up seats for the crowd, the work to be donated free of charge to help the cause along.

Besides this help the colored citizens have agreed to move the 700 or 800 bales of cotton now under the shed, also donating their services. The aid thus generously extended the committee will enable it to fit everything up in the best manner possible.

ORGANIZING FOR TUBERCULOSIS FIGHT

A committee of prominent workers of Ada is being held at 4:30 this afternoon in the Red Cross rooms to formulate permanent and definite plans for a Pontotoc county health and anti-tuberculosis committee.

Those attending this meeting are as follows: Pres. J. M. Gordon, Dr. S. P. Ross, Judge Orel Busby, Mr. Tom Hope, Supt. A. Floyd, Supt. J. E. Hickman, Mrs. Orville Snead, Mrs. C. L. Orr, Mrs. H. W. Wells, Mrs. R. W. Simpson, Mrs. W. C. Duncan, Rev. W. M. Crutchfield and Mrs. Miles C. Grigby.

The work of this committee will be confined to the care of the returned tubercular soldiers and the improvement of the general health conditions throughout the country. This work is supported and sanctioned by the government and Washington for the department at Washington for the consideration that immediate improvements at home must be made for the reconstruction period and the return of the soldiers from France.

The Oklahoma Association for the Prevention of Tuberculosis is financing the work of a visiting nurse who will call upon all the families where returned soldiers have been sent and instruct them in the cure of the disease.

SUNSHINE.

The Sunshine correspondent had a change yesterday from the toils of a hot kitchen to a pleasant trip to the big spring from which Ada gets her water, where we took a day's rest that was very refreshing.

We are still dry but crops are not suffering here in the bottom and we have lots of cotton blooms.

C. H. Hooks, son of Q. F. Hooks, is seriously sick at this writing. M. Conner and James Kirkes went to Ross Saturday.

S. N. Cantrell has a new car. We expected him to drive his cattle to the dipping vat in it today, but he says that he can't "reign" the thing like he can his pony.

Judge Armstrong of Ft. Worth, Tex., created quite a sensation in our community Saturday by coming on a visit to his Horseshoe ranch in an airplane. We are also informed that Mr. Y. Q. McCammon and wife took a ride in the thing Sunday.

V. S. Malone and wife and Gladis Littlefield went to Ross one day last week.

Mrs. Wilburn Clayton has returned from Sherman, Tex., where she underwent an operation for appendicitis. Reports are that she is doing well.

TYROLA PICKUPS.

Cotton chopping is almost over in this part of the county.

The little daughter of Mr. and Mrs. Chance is reported very ill. Messrs. Beck, Little and Ellison made speeches here Sunday, in behalf of the War Savings Stamps campaign, a large crowd attended. After the speaking here many went to New Bethel.

Some one has taken up the habit of borrowing the school furniture, especially the Victrola. Who ever this is would greatly oblige the public if they would refrain from so doing any more. School furniture is public property and should not be taken away without the consent of all the people. If not the school board will be forced to take it to law. So please take notice.

The singing Sunday night wasn't very well attended, on account of the busy times.

say Germany will not make any

since the world already knows the
value of a pledge made in Germany.

News dispatches say that the Aus-
trians were so confident of a brilliant
victory over the Italians that they
had made no preparations for a pos-

and confusion of their retreat. They
considered the war almost won and
were terribly disappointed when the
Italians refuse to be whipped and

THESE OFFENSES VIOLATE NEW ESPIONAGE ACT

Oklahoma City, Okla., June 26.—
(Special)—Beware of violating the
new federal espionage act is the
warning which is being sent out by
the Oklahoma State Council of De-
fense. Guard yourself against uncon-
scious violations. Promptly report
violations on the part of others.

The Oklahoma State Council of
Defense is making an intensive cam-
paign throughout Oklahoma against
sedition and all known cases of vi-
olation of the new law should be
promptly reported either to county
councils or to the State Council.
Here are some of the things which
constitute violations of the espionage
act:

"Making or conveying false re-
ports with intent to interfere with
the operation or success of the mil-
itary forces.

"Making or conveying false state-
ments in regard to doing anything,
except in the way of bona fide and
not disloyal advice, tending to ob-
struct the sale of United States
bonds or securities.

"Attempting to cause or incite in-
subordination, disloyalty, etc., among
the military forces.

"Attempting to obstruct enlist-
ment.

"Publishing, printing, writing or
uttering disloyal, profane or scurril-
ous language against the form of gov-
ernment of the United States, the
constitution, the flag, the military
forces or the uniform of the army
or navy.

"Using language intended to bring
the government, constitution, flag,
military forces or uniform into con-
tempt, scorn, contumely or disrespect.

"Uttering, writing or publishing
language intended to provoke or en-
courage resistance to the United
States.

"Willful display of the flag of an
enemy of the United States.

tion of things necessary to the pro-
tection of the war.

Turn YOUR Loose Change Into BULLETS

—from a Red Blooded Patriotic Standpoint

No doubt you have already given and given gen-
erously for your means. But have you suffered any
by giving? Surely you intend to give—give—give
until it hurts. You won't let yourself be classed with
the spineless, yellow-livered slackers who peevishly
whimper: "Let those who can afford it do the rest of
the giving, I've done my part," or "Some of my folks
are in the service, I think that's enough for me."

Wouldn't that be a fine spirit for Our Boys to show, when
their captain shouted, "Over the top with the best o' luck and
give 'em hell?" Every time you feel like tightening your
purse strings when money for a war need is asked, just stop
and think how little your sacrifice is, compared to the one
your Sammies are making. Money is nothing compared to a
leg, or an arm, or eyesight, or a disfigured face—or a LIFE!
God—to think there are some animals who call themselves
'Americans that actually refuse to give "because others can
afford it better than they!"

Giving when you can afford it doesn't count. It is giving
at the cost of some pleasure, something you don't actually
need, that is red-blooded Americanism. That's the kind of
stuff the patriots of '76 were made of. That's the kind of
stuff you and I have in us. Give—give—give until it hurts.

—from a Cold Blooded Dollars and Cents Standpoint

Just think if you had started saving a quarter a
day five years ago—you would have \$455.25 plus the
interest today! "If you had only started"—there is
the story in a nutshell. You thought "It's too little to
bother about," so now you are no further along fi-
nancially than you were five years ago.

The time is ripe. START NOW! You can save a quar-
ter a day—help your Mother Country—and place the money
in the safest, most profitable kind of an investment—govern-
ment "baby" bonds, paying 4% interest compounded quar-
terly. Here's how: There's a close-by place that sells Thrift
Stamps and War Savings Stamps. Get the Thrift Stamp
habit—buy one every day. They cost only 25c; \$4.00 worth
fills a folder. This and 13c buys a \$5.00 War Savings Stamp
during February, 1918. It's value and cost goes up 1 cent
each month.

The War Savings Stamps are cashable at REGULAR
PRICE any time! Little tots are doing odd jobs to earn
quarters in order to fill their Stamp folders. Women are rais-
ing chickens, selling their preserves, finding all sorts of
ways to cash in on their spare time and fill their Stamp fold-
ers. Men stop merely frittering away their nickels and
dimes and start filling their Stamp folders instead.

See how much spare change you can turn into bullets.

This section also contains a pro-
viso to the effect that any one in the
service of the United States govern-
ment who "commits any disloyal act

DON'T FAIL TO ENLIST SAYS SEC. M'ADOO

In a final appeal to the American
people, Secretary McAdoo asks that
every person called in the great army
of war covers on June 28th. En-

statement follows: "Over eight hun-
dred thousand of America's sons are
already on the fields of France
where the bloodiest attacks of all
history are raging. They are suffer-
ing and dying for us at home. They
are giving their lives freely and
heroically to save America and lib-
erties of mankind. They need food,
clothing and arms. Everyone who
buys War Savings Stamps or signs a
pledge to save and buy these stamps
over a period of time helps himself
and helps directly every American
hero in France. Isn't this the least
each patriot can do to enable our
gallant boys to fight victoriously or
to die gloriously in the cause of hu-
manity and liberty? Let no one who
genuinely loves America and wants
to serve, fail to enlist in the great
army of war covers during the period
ending June 28th, 1918."

The normal students and public in general will have the opportunity of

getting some first-hand information on the German peril July 4, 5, and 6. The speaker will be Dr. A. R. Bourland, secretary of the Southern Education Association, Washington, who during his four years as a student in a German university made a close study of the German people, their government and attitude towards the world in general. That was several years ago, and long before war with the United States was hought of, but what he saw and earned then was not at all in their favor. His addresses will show the absolute necessity of forever crushing the vaulting ambition of the German to rule the universe and en-laving the human race.

It shall hereafter be the duty of all persons connected with the administration of the Selective Service Law and Regulations, and of all citizens, to report to the nearest local board all facts which may come to their knowledge concerning registrants who are idle, or who are engaged in any occupation or employment defined and described in these regulations, or any amendments thereof, as non-productive occupations or employments."

Sec. 121K. If a registrant is idle, he, of course, is not occupied or employed at all, and his status of idleness furnishes ground for the withdrawal of his deferred classification or late order number; and the Regulations applicable to idle registrants shall be deemed applicable also to gamblers of all description, and employees of race tracks and bucket shops, and to fortune tellers, clairvoyants, palmists, and the like, who for the purposes of these regulations shall be considered as idlers.

"The employment or engagement of any able-bodied registrant of military age in any of the following occupations or employments is NOT SUFFICIENTLY EFFECTIVE in the

present emergency, to justify the postponement of his call into military service, notwithstanding he may have a late order number and notwithstanding he may have been placed in Class II, III or IV on the ground of dependency; and all registrants engaged as follows are to be considered by local and district boards as engaged in non-productive occupations or employment:

(a) Persons engaged in the serving of food and drink, or either, in public places, including hotels and social clubs.

(b) Passenger elevator operators and attendants; and doormen, footmen, carriage openers and other attendants in clubs, hotels, stores, apartment houses, office buildings and bath houses.

(c) Persons, including ushers and other attendants engaged in and in connection with games, sports and amusements, excepting actual performers in legitimate concerts, operas or theatrical performances.

(d) Persons employed in domestic service.

(e) Sales clerks, and other clerks employed in stores and other mercantile establishments."

As loyal citizens, you are called upon to give such advice and information relative to the status of any registrant whose classification should be changed under the above regulations, as may come to your notice.

Without Music You Can Not Live a Full Life

One of the keenest inward delights in life is enjoyment of music. This is because it has an emotional appeal as well as an intellectual. And it is through our emotions that we derive our most intense pleasures.

Music is a natural resource, one which is shared by everyone. But, unless cultivated, one's taste for it gradually becomes dulled until finally it becomes, as the scientists say, atrophied. Unhappy is the person who has lost his power to enjoy music. Every kind of music is offered you in

The NEW EDISON

"The Phonograph with a Soul"

This marvelous instrument Re-creates in all its splendor the voice of the living artist. It does not merely imitate, it actually Re-creates; and with such fidelity that no human ear can distinguish between the artist and the New Edison. This applies just as strongly to instrumentalists as to singers; it is just as true of Albert Spalding as it is of Anna Case.

Before audiences totalling more than two millions, some thirty great artists have conducted tone tests, which proved that no shade of difference could be detected between the artist and the instrument. They have sung in direct comparison with the New Edison, then suddenly ceased, permitting the instrument to continue alone. The only way the listeners could tell when the artist stopped was by watching his lips. And with the lights lowered, they were utterly unable to say when it was the living voice they heard and when the New Edison.

Could a more drastic test than this be devised? Doesn't it prove the truth of our assertion that ownership of this instrument is equivalent to having all the great artists of the world literally at one's command.

Drop into our store and hear the New Edison. Red your love for music; it is a priceless resource.

Line the War-Clouds With Your Silver

LAST April the war-cloud left the horizon and spread over our entire sky.

Its silver lining consists solely of the resources of America in men and money.

For these alone can bring a victorious, swift end to the war.

To keep that silver lining bright and evident, all of us who stay at home must do certain simple and very necessary things.

First of all we must save—not only large amounts with which to buy Liberty Bonds, but small coins to buy Thrift Stamps and War Savings Stamps.

These small savings are really as important as the larger ones.

Through them the government expects us to lend the country two billion dollars—eight billion quarters.

Every quarter you save by doing without unnecessary luxuries buys a Thrift Stamp.

When you get sixteen of these Thrift Stamps turn them in at any post office, bank or regular appointed agent and you will get one War Savings Stamp.

This savings stamp is the government's promise to pay you, at the end of five years, one five-dollar gold piece.

These \$5.00 War Savings Stamps are exchangeable for cash any time between now and January 1, 1923, upon giving ten days' written notice to any money order post office. You get the cost price plus accumulated interest.

By buying them you make available money that now has no effect in hastening victory—and swift victory is the silver lining of the war-cloud over us.

Begin buying them now—and keep on buying.

Your post office money order station, or your bank, can sell them to you and tell you everything you want to know about them.

W.B. SELFIDGE FOR CO. COMMISSIONER

W. B. Selfridge of Lightning Ridge authorizes the News to announce his candidacy for the office of County Commissioner of the Second district, embracing the western part of the county.

Mr. Selfridge is a progressive farmer and a man who keeps abreast of the times. Having lived 14 years in Oklahoma, eight of which have been in Pontotoc county, he is thoroughly familiar with the needs of the county and can be relied on to give the duties of this office his closest attention, if he is elected. He is especially interested in the question of good roads and having served for three years as road supervisor he is familiar with this phase of his work. However, he will not confine himself exclusively to any one line, but will be found equally diligent in safe guarding all other interests of the taxpayers and seeing that they get value received for their money expended by the commissioners.

Proclamation.

State of Oklahoma,
Executive Department.
One hundred and forty-two years after the Declaration of Independence our country is facing, with other civilized nations, a colossal task, that of demonstrating that the people of the earth, without demands for conquest, can resolve themselves into a unified force and pour out ungrudgingly the blood of rich and poor alike, from every race, for one great ideal of right and justice.

America is performing well its part. Today her sons are standing shoulder to shoulder on the battle front of Europe with her allies. At home, side by side, every patriotic person is working to sustain them. It is therefore peculiarly fitting at this time that all should take part in the Fourth of July observance of the anniversary of the birth of our country. It will be an occasion when the foreign born will have special opportunity to show their fealty to the country of their adoption, and in

which they have elected to have their sons and daughters live.

This Fourth of July should not be characterized by hilarity or of waste, but by patriotic rejoicing in which those of foreign birth should delight to take part with our native, born citizens.

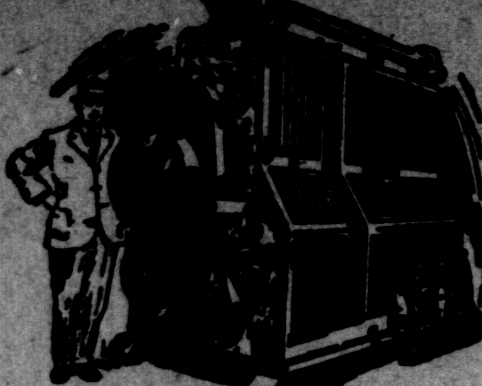

County, city, town and community flags should be unfurled, the flags of our allies being given place of honor beside our own.

The observance of this day should serve to cement closer the people of this state and nation and to make more firm our resolve to seek peace only in victory.

Done at Oklahoma City, Oklahoma, this 20th day of June, A. D., 1918.

(Signed)
R. L. WILLIAMS,
The Governor of the State of Oklahoma.

Attest: J. L. LYON, Sec. of State.

W. H. EBELY FOR REPRESENTATIVE

The News is authorized to announce the candidacy of W. H. Ebey of Ada for the Democratic nomination for Representative from Pontotoc county.

Mr. Ebey is a pioneer of Oklahoma, being one of the '89ers who built Oklahoma City and later coming to Ada in its early days. During all these years he has been a live booster and has at all times been doing his utmost for the advancement of the state and city in which he resided. If elected, he will be found lined up with the progressive element in the legislature favoring the enactment of just laws that will promote the welfare of all classes of citizenship. He will give close attention to every detail of his duties and having served as chief clerk of the second legislature he is familiar with legislative work. When the question of the establishment of a state normal school at Ada was pending he did some effective work in putting it through.

Mr. Ebey has always been an active Democrat and during the early days when the Republicans ruled the old Territory, he was on the fighting line for the Democratic party and helped to organize it. He was a delegate to the first territorial convention held by the party.

PROFESSIONAL NURSE

Tells What to Do to Regain Strength After Sickness.

New York City.—"I am a professional nurse,—the grippe and bronchial pneumonia left me with a cough and in a depleted, anemic condition and no appetite. I cannot take cod liver oil in any other form than in Vinol and in a short time after taking it my appetite improved, my cough left me, I gained strength and weight. That is why I recommend Vinol to others."—Miss E. M. Walker, R. N., 35 W. 38th St.

It is the beef and cod liver peptones aided by the iron and manganese peptones and glycerophosphates contained in Vinol which makes it so wonderfully successful.

GLAD TO TESTIFY

Says Watson Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watson, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly... Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then... it would last... two weeks, and was so weakening, and my health was awful."

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three... I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children... I have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years.

Begin taking Cardui today. It may be the very medicine you need.

A Call to Every American

War Savings Stamps are a call to the thrift and patriotism of every American—a call that must be met by every man, woman and child who shares the blessings of this free country, if we are to carry on this war as a united people.

What They Are

War Savings Stamps are the most democratic form of government securities ever issued—a profitable, simple and secure investment backed by the entire resources of the government and people of the United States. They steadily increase in value from the date of purchase to the date of maturity—this increase is guaranteed by the government.

These stamps are issued in denominations of \$5.00. Thrift Stamps 25 cents each.

The \$5 War Savings Stamps

The \$5 War Savings Stamp is a stamp for which the government will pay you \$5 on January 1, 1923. Its cost to you if bought in February, 1918, is \$4.13 (this cost increases one cent each month during 1918)—that is 4 per cent interest, compounded quarterly.

Simple, Secure

You don't have to figure interest, nor clip coupons, nor worry about the safety of your loan; the certificates are not transferable, and behind them are the wealth and taxing power of the richest country ever known. You can get your money back, on 10 days' notice, any time you need it.
